

Eco-Schools Committee

Student Leadership & Stakeholder Positions

Student Leadership Positions

Committee Chairperson **DUFITIMANA Reponse**

Joined: January 24, 2026

Specifications

Responsible for overall program coordination, presiding over all 9 mandatory statutory meetings, delegating field data-collection tracks, and supervising the synchronization of metrics into the digital Eco-Schools web portal.

Committee Vice-Chairperson **NSENGAYO Jean Pierre**

Joined: January 24, 2026

Specifications

Assists the Chairperson in executive tasks, presides over operational meetings in their absence, and leads the student field groups during physical baseline terrain audits across campus.

Elected Committee Secretary **MUNEZERO Emima**

Joined: January 24, 2026

Specifications

Responsible for drafting and archiving signed minutes for all 9 termly meetings, distributing meeting agendas, maintaining the master noticeboard records, and tracking student attendance data logs.

Student Water Audit Lead **IZERE Fabrice**

Joined: January 24, 2026

Specifications

Directly oversees daily water and agricultural metric logs, monitors livestock hydration setups in the swine unit, tracks rain runoff erosion factors, and compiles physical data sheets regarding water optimization.

Student Energy Audit Lead **MUHIZI Delli**

Joined: January 24, 2026

Specifications

Manages efficiency tracking for campus biomass consumption, handles platform scale measurements for the daily institutional organic waste cycles, and enforces waste-sorting compliance across class streams.

Committee Advisors **GATO Steven & IGENO KAMARIZA Jose**

Joined: January 24, 2026

Specifications

Review the feasibility of proposed student initiatives, serve as cross-stream peer communicators to boost general student involvement, and help compile the final Green Flag Award presentation portfolios.

Lower Secondary Representative **GANZA Chris MUGISHA**

Joined: January 24, 2026

Specifications

Coordinates waste-segregation awareness and sanitation monitoring for the lower secondary grade blocks, ensuring junior student representation across environmental activities.

Staff & Management Positions

Headmaster / School Management Representative **MUVUNANGABO Robert**

Joined: March 13, 2025

Specifications

Directs school administrative resource allocation, signs off on policy authorizations, reviews program safety protocols, and provides secure access to institutional socio-educational data ledgers.

School-Based Mentor **NKUBITO Jean d'Amour**

Joined: March 13, 2025

Specifications

Serves as the primary link between student field activities and school operations, providing technical guidance for infrastructure tasks such as masonry waste pits and swine shelters.

Environment Club Mentor
NZAKAMWITA Anselme

Joined: March 13, 2025

Specifications

Facilitates daily club operations and leads the curriculum integration strategy, ensuring field audit findings are translated into practical datasets for standard CBC classroom lessons.

Animatrice
MUZIRANENGE Mastidia

Joined: March 13, 2025

Specifications

Coordinates daily student logistics, supervises extracurricular field work rotations (such as tree maintenance and vegetable garden cycles), and manages student welfare during environmental tasks.

Community & Local Authority Positions

Head of Parents / PTA Representative
MUTIMUKEYE Jean Damascene

Joined: March 13, 2025

Specifications

Manages communication between the school committee and home environments, ensuring sustainability actions are reinforced by parents and local households.

Parent Representatives
MUKANZABONIMPA Vestina & AHISHAKIYE Jean Bosco

Joined: March 13, 2025

Specifications

Advise on community resource sharing, participate in school assemblies regarding nutritional improvements, and assist with hands-on support during community-wide tree planting campaigns.

Village Leader / Local Authority Liaison
MUTAMBARUNGU Jule

Joined: March 13, 2025

Specifications

Aligns the school's environmental goals with Kirehe District development strategies, assists the technical team in securing local saplings, and verifies community outreach metrics.
